Perfect ✔ard®

Glyn

Royal Hospital for Neuro-disability
UK131RHN

What are these codes? *They're unique identifiers for each ward, used in the "Perfect Ward" smartphone app you may see our staff using - this helps our teams understand how well our wards are working, recognise areas of excellence and help identify any areas for improvement. These codes allow the app to identify which ward it's looking at automatically. For more details see* **www.perfectward.com**
